C. How Do We Use the Information?

The business or commercial purpose(s) for which Personal Information is collected is described in the [table](#) above.

We use the Personal Information we collect for limited purposes of processing your transactions, establishing the identity of account holders, customer service, authorization, customer support, content processing, content classification, warranty services, and providing you with information about our products and services. We will retain this information for as long as your account is active or as needed to provide you products and services, comply with our legal obligations, resolve disputes, and enforce our agreements. We also may use that Personal Information to improve and customize our content.

We may use the Personal Information and non-Personal Information we collect by sharing it with third party agents, vendors, contractors, partners, or content providers of SUDS (collectively, "Service Providers") for purposes of managing purchases of our products and services, servicing our systems, and obtaining support services for our businesses. We are not in the business of selling Personal Information to third parties or Service Providers and will share it with Service Providers only as we describe in this Privacy Policy. In situations where we share Personal Information with Service Providers, we ensure access is granted to the Service Providers only upon the condition that the Personal Information is kept confidential and is used only for carrying out the services these Service Providers are performing for SUDS. As part of making the determination whether we will share Personal Information with Service Providers, we will obtain assurances that they will appropriately protect and maintain the confidentiality of Personal Information consistent with this Privacy Policy and as required by applicable law.

The Personal Information we collect from you may be transferred to, and processed in, countries other than the country in which you live. These countries may have data protection laws that are different than the laws of your country. Specifically, the servers we use to provide our Website are located in the United States. This means that when we collect your Personal Information, we may process it in the United States or the country where you live. However, when we process your Personal Information, irrelevant of its processing location, we take appropriate measures, as discussed below, to ensure that your Personal Information remains protected in accordance with this Privacy Policy and as required by applicable law.

We may share your usage data related to our Website with our affiliates and certain Service Providers for purposes of providing or improving our Website. We also reserve the right to disclose your Personal Information if we are required to do so by law, or in the good faith belief that disclosure of the information is reasonably necessary to comply with legal process, to respond to claims, or to protect or advance the rights, property, safety, or well-being of our company, our employees, customers, or the public.

We will not use your Personal Information for automated-decision making.

In the unlikely event that all or substantially all of SUDS assets are acquired, customer information, which may include Personal Information, may be one of the transferred assets unless restricted by applicable local law, in which case the acquiring entity will be subject to the same commitments for such customer information.

[D. What is our Legal Basis for Collecting and Using Personal Information?](#)

Our legal basis for collecting and using the Personal Information described above will depend on the Personal Information concerned and the specific context in which we collect it.

However, we will normally collect Personal Information from you only:

- where we need the Personal Information to perform a contract with you or your organization;

- where the processing is in our legitimate interests and not overridden by your data protection interests or fundamental rights and freedoms; or
- where we have your consent to do so.

In some cases, we may also have a legal obligation to collect Personal Information from you or may otherwise need the Personal Information to protect your vital interests or those of another person.

If we ask you to provide Personal Information to comply with a legal requirement, we will make this clear at the relevant time and advise you whether the provision of your Personal Information is mandatory or not (as well as of the possible impact if you do not provide your Personal Information).

Similarly, if we collect and use your Personal Information in reliance on our legitimate interests (or those of any third party), we will make clear to you at the relevant time what those legitimate interests are.

If you have questions about or need further information concerning the legal basis on which we collect and use your Personal Information, please contact us using the contact information provided [below](#).

E. How Do We Secure Personal Information?

SUDS has taken appropriate technical and organizational measures to ensure that Personal Information we have collected or will collect in the future is secure. For example, we have limited the number of people who have access to the Personal Information, by electronic security systems and authentication methods that guard against unauthorized access. Any payment transactions will be encrypted using TLS/SSL technology.

As a reminder, SUDS may provide links to third-party websites or make its products available for sale on third-party websites. These websites may not have the same privacy policies as SUDS. We take reasonable care in selecting or recommending these websites, but we are not responsible for their content or privacy policies. We urge users to read the privacy statement of a third-party website when using such third-party website.

We always use industry-standard technologies when transferring and receiving consumer data we receive. We have appropriate security measures in place in our physical facilities to protect against the loss, misuse, or alteration of information that we have collected from you in connection with our Website.

In rare cases, we may ask for additional information to verify the request, which may include a signed declaration under penalty of perjury that the Requestor is the individual whose Personal Information is the subject of the request.

If the Requestor submits a request to delete Personal Information, we will separately confirm that the individual wants their Personal Information deleted.

We may deny a request if we cannot verify the identity of the Requestor to a reasonable degree of certainty or a reasonably high degree of certainty (depending on the type of request, the sensitivity of the Personal Information, and the risk of harm to the individual posed by a unauthorized request) or, in the case of a request to delete Personal Information, we may deny a request if we are not able to separately confirm that the individual wants their Personal Information deleted.
